

```
int main(int argc, char *argv[])
{
    char c, *f;

    asprintf(&f, "%sXXXXXX", argv[1]);
    int tmp = mkstemp(f);

    while ( read(0, &c, 1) == 1)
        write(tmp, &c, 1);

    unlink(f);
    free(f);
    return 0;
}
```
