

Barrier Solution

```
1  specific_task();
2
3  mutex.wait();
4      count++;
5  mutex.signal();
6
7  if (count == n)
8      barrier.signal();
9
10 barrier.wait();
11 barrier.signal();
12
13 critical_point();
```

```
1  specific_task();
2
3  mutex.wait();
4      count++;
5
6  if (count == n)
7      barrier.signal();
8
9  barrier.wait();
10 barrier.signal();
11 mutex.signal();
12
13 critical_point();
```

💀 Blocking on a semaphore while holding a mutex! 💀
