```
#include<stdio.h>
  int main(void)
       int a = 0;
       while( a < 10 ){
           printf("a=%d\n", a);
6
           a++:
           if (a>5) break:
       return 0;
```
